PROFESSIONAL SUMMARY

Computer Science student with a strong foundation in Data Structures, Algorithms, and Object-Oriented Programming. Hands-on experience in Full Stack development using TypeScript, PHP, and Java, with a proven track record of refactoring legacy systems and delivering scalable solutions. Passionate about complex problem-solving and seeking to leverage technical expertise and collaborative leadership skills in a dynamic software engineering environment.

EDUCATION

Escola Superior Dom Helder Câmara | Belo Horizonte, MG

Bachelor of Science in Computer Science | Expected Graduation: June 2028

- Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, and Web Development.
- Leadership: Serve as Class Representative, facilitating effective communication and organization between the student body and academic coordination.

Cotemig | Belo Horizonte, MG

Technical Degree in Informatics | 2020 – 2022

- Completed comprehensive coursework in PHP, C#, SQL, HTML, CSS, and JavaScript.

EXPERIENCE

Teknisa | Belo Horizonte, MG

Software Developer Intern (Full Stack) | Oct 2025 – Present

- Develop and maintain complex user interfaces using TypeScript and JavaScript for the front-end, while managing back-end operations with PHP and Oracle databases.
- Implement advanced data grids, filtering systems, and complex business logic validations.
- Perform seamless integrations via RESTful APIs and efficiently manipulate JSON data across distributed systems.

ATMC Consultoria e Engenharia

IT Technician | Jan 2022 – Oct 2022

- Provided agile Help Desk support, diagnosing and resolving infrastructure incidents to minimize downtime.
- Administered Windows Server environments, actively managing backups to ensure data integrity.
- Optimized internal workflows by managing spreadsheets and data tracking processes using Excel

SKILLS

- TypeScript /JavaScript
- Java

- Git
- Next.js

- PHP
- C#
